Secretary to Government,
Law Department, Bangalore

Sir,

I have the honour to state that the Vice President forwarded a note dated 15th August 1944, recommending the appointment of two maistries on Rs 20/- each for the Municipal Sewage Farm, one to look after the distribution of grass in the several parts of the city and another to look after the dry cattle shed, and requested sanction to hire five carts at Rs 40/- per month each,,as carts cannot be secure for less than this rate

The Municipal Council considered this note in thier meeting held on 26th August 1944, and sanctioned the proposal to hire five carts at Rs 40/- per cart during the current year and approved of the appointment of two maistries on Rs 20/- plus 5 D A e ch for a period of six months in the first instance

In forwarding a copy of the said Resolution No 117 dated 26th August 1944 together with copies of the notes on the subject I request you to be so good as to obtain necessary sanction of Government there at an early date The extra cost on this account will be met out of th provision under E 11 Municipal Farm

I have the honour to be,

Sir,

Your most obedient servant,

R Ramachandra Rao

President

Office of the Vice President,
City Municipal Council,
Mysore, Dated 9th August 1944

OFFICE NOTE

Subject Regarding enhancement of the hires of the private carts hired for the supply of grass to the customers in the city, and appointment of two maistries on Rs each, one to supervise the proper distribution of grass to the customers in the city and another to wo in the Dry Cattle Shed in the Sewage Farm

---

The supply of grass to the customers in the city from the Sewag Farm is arranged through 5 hired carts andone Farm cart On an average, the Farm is sending the grass to the customers in the city dialy not less than 9000 lbs By way of conveyance charges i e , at the rate of Rs 0-2-0 for every 100 lbs, the Farm is realising not less than Rs 11/- daily At this rate the income that the Farm is getting per annum works out to Rs 4200/-

Till now the hired carts were paid Rs 30/- per cart per month but now they are demanding to raise their hire from Rs 30/- to 40/- per cart per month on account of increased cost of maintaining the bullocks and carts in these hard days of grave situation

Supposing the Farm had its own carts for the supply of gras the cost of maintaining 5 pairs of bullocks together with the pay of the cartmen would have certainly exceeded Rs 60/- per cart per month

Under these circumstances, it is profitable to pay hire even at the rate of Rs 40/- per cart per month The total expenditure on 5 carts per annum would come up to Rs 2400/-, It is also proposed to appoint a responsible maistry on Rs 20/- p m to go with the cart carrying grass and supervise the proper distribution of the same This is because, often we are receiving complaints from the customer regarding shortage of grass, delay in supply or quality etc To avoid this inconvenience to the customers the above proposal of appointing a maistry for the proper distribution of the grass is mad The expenditure for the above post will come to Rs 300/- per annum Both the cart hire and the establishment charges of the maistry may b met by the income derived by means of conveyance charges, which will work out to Ps 4200/- as already stated above The total cos

(6)

of it will come to Rs 2700/- per annum This can be easily met by the income derived

And also the income derived from the Dry Cattle Shed is increasing every year For example, the income of the Shed for five years from 1939 to 1944 is noted below.

1939-40	Rs	2514-11- 4
1940-41		2073- 2- 6
1941-42		3225- 0- 8
1942-43		4166- 2- 5
1943-44		5495- 7-10

It has become one of the important earning department of the Farm At present there are 4 coolies working in the shed and to safeguard the interest of the Shed it is necessary that one maistry on Rs 20/- per month should be appointed to work in the shed and improve the condition Under the above circumstances if a maistry is appointed to look after the interest of the Drv Cattle shed, the income may, in due course, increase as above

Forwarded with compliments to the President with a request to obtain necessary sanction of the Council for the above proposals to enhance the hire of the carts and appoint two maistries to the Sewage Farm, temporarily for a period of six months

ADDITIONAL NOTE

Re Appointment of two maistries one for Dry Cattle Shed and another for Supply of grass on Rs 20/- plus Rs 5/- D A each And enhancement of carthire for supply of grass from Rs 30/- to 40/-

---

As regards supply of grass to the customers through a contractor as is being done in the Health section, the concerned contractor was sent for and was asked to supply six carts to the Farm for the supply of grass at the rate he is supplying to the Health Section The Contractor Mr Srinivasan said that he cannot supply at the above rate, besides he says that he wants about a months's time to get carts constructed and purchase bullocks According him the monthly rate will be more than Rs 50/- Under these circumstances as explained in my previous note it would be profitable to engage carts that are now hired to the Farm at Rs 40/- per cart per month It appears that at Bangalore the contract rate is Rs60/-

2 As regards the appointment of a temporary maistry, it is quite essential though we provide Spring Balances to each cartman The Sewage Farm has indented for half a dozen Spring Balances to the Engineer two months ago but till now no supply is made

As regards the appointment of a maistry to the Dry Cattle Shed the proposed pay is Rs 20/- plus Rs 5/- D A per month, and the present establishment consists of 4 hands on Rs 8/- each that is Rs 32/- The total would be Rs 52/- per month and per year it would be Rs 624/- The excess of Rs 240/- could be met out of the total revenues of the Farm as it is increasing every year

This additional note is forwarded with compliments to the President for favour of placing the subject before the Managing Committee for sanction of the Council

Sd/- B Narayanaswamy,
Vice President
